

Thank You for an Amazing Summer – Early Bird Camp Registration available online now

Dear Parents,

As our 2026 summer camp came to an end this week, we wanted to take a moment to say a heartfelt **thank you** to all of our campers and families!

From the Bloor/Yonge area, two years ago, we moved our cooking school to High Park with a vision of creating a truly special cooking program for children — one where they could learn practical culinary skills, discover new foods, build confidence in the kitchen, and most importantly, have fun.

We are incredibly proud of how the program has grown. We have also built a wonderful team of unique chefs and educators who genuinely love working with children and sharing their passion for cooking. Seeing our campers become more confident, more independent, and more curious in the kitchen has been one of the most rewarding parts of what we do.

Most importantly, **thank you for trusting us with your children's food education.** We don't take that responsibility lightly, and we are extremely grateful for the confidence you place in our team every summer.

Our commitment to families - Freezing price for next year

From the beginning, our goal has been to offer what we believe is **the best-quality cooking camp at the best possible value in the city.**

For the past three years, we have intentionally kept our summer camp at **\$675 per week**, even as food, staffing, and operating costs have increased significantly. Comparable specialty cooking programs in the city range from **\$860 to \$980 per week.**

We made a conscious decision to remain as accessible as possible because we want more children to have the opportunity to experience a high-quality cooking education.

Secure this summer pricing for the next year to come

For the upcoming season, our regular camp price will become **\$775 per week.** However, as a thank-you to the families who have supported us, we are offering a **limited Early Bird rate of \$675 per week** for bookings made **before September 30, 2026.**

This special rate will apply to:

- **Winter Break Camp**
- **March Break Camp**
- **Summer Camp 2027**

Early Bird Rate: \$675/week

Regular Rate: \$775/week

Early Bird Deadline: September 30, 2026

There are also a couple of additional benefits to booking early:

Flexible Camp Week Changes

Families who book at the Early Bird rate will have the flexibility to move their registered camp week to **any other available week**, provided the change is requested **within the 30 days prior to the camp's date for March Break. For summer camp specifically, that period to request a date change is 60 days is prior to July 1st, 2027**. For example, you will have until May 1st 2027 to confirm a week change for the summer camp.

This gives families additional flexibility as their summer plans develop.

Full-Week Camp Only

The Early Bird special applies to **full-week registrations only**. Half-day registrations will not be available under the Early Bird offer, and might not be available next year.

This early commitment also allows us to plan the summer well in advance and invest further in the program, including hiring a dedicated camp manager to help us continue improving the organization and experience for our campers.

We are very proud to continue offering a cooking camp that combines **quality, education, fun, and exceptional value**, and we look forward to welcoming many familiar faces back to the kitchen. We are looking forward to the 2027 Summer Camp!

Thank you once again for an incredible summer and for allowing us to be part of your children's journey.

With gratitude,

Chef Pierre and the 360 Cooking Team
